

Dear Parent and Student-Athlete:

Bandera I.S.D. has a board approved **Bandera Independent School District Athletic Handbook**, which addresses several athletic issues and concerns in general and others in detail. **Every student-athlete and parent of a student-athlete MUST go to the Bandera I.S.D. website at [www.banderaisd.net](http://www.banderaisd.net) and read the Bandera I.S.D. Athletic Handbook**, which will be found on the Family Center page of the website under Handbooks and Forms. Once both the student-athlete and the parents of the student-athlete have read the **Bandera I.S.D. Athletic Handbook** entirely, **both the student-athlete and parents MUST sign, date, and return to the coaches the Acknowledgement of Athletic Handbook Form.**

The Bandera Independent School District Lady Bulldog Athletic Department is also providing you a document, which explains in detail many, if not most, of the expectations and rules, that each student-athlete will be required to follow in every female sport during the 2009-2010 school year. This document will be posted on the Bandera Independent School District website, also. **This document provides information that relates directly to the parents of student-athletes. Every student-athlete, as well as every parent, MUST read this document, sign, and return acknowledgement statement below to the coaches on the proper campus. Like the Bandera I.S.D. Athletic Handbook form, this signed the accompanying acknowledgement form MUST be returned within 10 days after the first day this document is delivered to the student-athlete.**

In addition each particular sport may have specific rules that apply to the athletes who participate in that particular sport. If there are rules that apply to a particular sport, the coach of that particular sport will forward those additional rules and expectations for that particular sport prior to the start of that particular sport.

Sincerely,  
David Farber  
and  
Steve Golemon
