## BANDERA INDEPENDENT SCHOOL DISTRICT

Dear BISD Parent and Student;

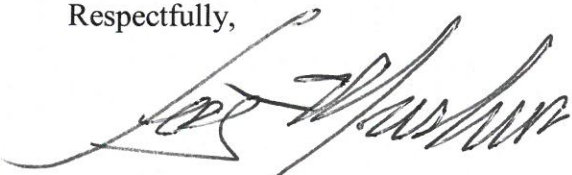

This spring the BISD Extra-curricular Code of Conduct, which is located online at [www.banderaisd.net](http://www.banderaisd.net), was reviewed. Bandera ISD staff always considers student health and safety our highest priority; therefore exemplary behavior is expected of extracurricular participants who are under the jurisdiction and sponsorship of BISD schools and district. Our sponsors and administration do not feel that students who are participating in inappropriate or illegal activity such as alcohol, drug, or tobacco use represent the character of student leaders in our schools.

The Extracurricular Code is posted on the web site ([www.banderaisd.net](http://www.banderaisd.net)) and is available to students and parents. We wish to highlight a particular section for your review with your student.

School administration will investigate and provide appropriate disciplinary action to any student who is 'proven' to be engaged in illegal activity that will include but is not limited to, alcohol, drugs, or tobacco use. Any student, who is attending or participating in an event where illegal activity is occurring, will be subject to the consequences that are outlined in this code in addition to any BISD Student Code of Conduct disciplinary consequences that are appropriate. BHS/BMS administration will require that any student who receives an extra-curricular suspension will be required to attend awareness education activities before returning to competition in their sport or activity.

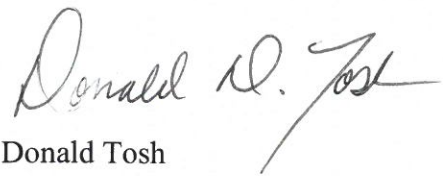

It is unfortunate that we must address these issues directly; however, it is our primary goal that all of our students are safe and actively involved in their school activities. Ensuring safety, as well as encouraging students to follow the law, is our primary concern. Please feel free to contact me if you have any additional questions or concerns.

Respectfully,
